

Show Pay by Phone

[Go to full article](#)

Setting Name: Show Pay by Phone

This setting will show the **Pay By Phone** block under the *How To Pay* section.

Before this setting can be used, the mailing information must be configured under the **Admin > My Invoice Template > Invoice Layouts > Organisation Details** tab. If the **Org Payment Phone Number** field is not configured, the Pay By Phone option will not show on the invoice, even if this setting is enabled.

The default setting is **Enabled**.

Service providers do not have to explicitly enable this setting to show this block on the invoice. This setting will be very handy in cases where it is necessary to hide this payment option for a period of time, then make it available again.
