

Add Bolt-on Subscription

[Go to full article](#)

Overview

This call can be used to create a new bolt-on subscription against an existing service subscription pertaining to the end user account.

Adding a Bolt-on Subscription

To add a bolt-on subscription:

1. Create a addBoltOnSubscription request
2. Specify the service subscription id that the bolt-on subscription is for.
3. Specify the bolt-on plan id.
4. Specify the login token that was returned in the authentication step.

Business Rules

- The service subscription id must exist in the database
- The service subscription id must be owned by the caller account
- The bolt-on plan id must exist in the database
- The bolt-on plan id must be owned by the parent account of the caller

SOAP Example

```
<soapenv:Envelope xmlns:soapenv="http://schemas.xmlsoap.org/soap/envelope/" xmlns:urn="urn:emersion:userapi">
  <soapenv:Header/>
  <soapenv:Body>
    <urn:addBoltOnSubscription>
      <urn:loginToken>?</urn:loginToken>
      <urn:service_subscription_id>?</urn:service_subscription_id>
      <urn:plan_bolt_on_id>?</urn:plan_bolt_on_id>
    </urn:addBoltOnSubscription>
  </soapenv:Body>
</soapenv:Envelope>
```
