

Xero Account Mapping Report

[Go to full article](#)

Report ID: 1245

Location: Reports > List > Account

This report will list mappings between Emersion Accounts and Xero Contacts.

You can search for all Emersion accounts, a "fuzzy" name, or a specific account ID by using the *Account Name* or *ID* input filter.

You can optionally display only Emersion Accounts without a link, with a link or both by using the *Xero Mapping* input filter.

Licensing

This feature is available to subscribers of the following:

- ☐ Emersion Core
- ☒ Optional Modules (Xero Integration Module)
- ☐ Optional Features
- ☐ Upon Request (please contact your Account Manager)

Access Controls

Some reports require tuning on a specific module permission or power. These are provided below.
