

Training

Emersion Academy

Emersion Academy is the home of education and training in Emersion's products and services. We are the ones behind:

- the online help
- our training videos
- training webinars and live sessions
- customised training, delivered either onsite or online.

Where do I start?

Great question! We suggest you [start here with our Emersion Training 101 series](#).

Custom Training

Custom training is available upon request via the [Emersion Support Portal](#). A trainer will be allocated and will work with you to produce a finalised custom agenda suited to your own needs.
